ENDLESS WORLDS

Introducing our 128-Day Inaugural World Journey

Explora Journeys unveils Endless Worlds - Inaugural World Journey 2029, a first in the story of the brand and an invitation to embark on a truly rare voyage.

From January to May 2029, a 128-day unhurried Journey of discovery across oceans, continents, and cultures, created for like-minded guests who wish to experience the world in its fullest expression.

Through seven unique Passages, guests will experience the world as one continuous Journey, an endless flow of immersion and exploration.

From Dubai's golden horizons, India's spice-scented coasts, and the Maldives' iridescent seas, to Sri Lanka's sacred beauty, the vibrant pulse of Southeast Asia, and the island landscapes of Bali and Komodo, ultra-elegant EXPLORA I will venture through the vast seas of Oceania and the colourful rhythms of the Americas before concluding amid the Atlantic's remote islands and the welcoming warmth of the Mediterranean.

Endless Worlds will be on sale in 2026.
